TAMARACK RESPONSIBILITY CODE

Cross-country skiing is an action sport carrying significant risk of personal injury and/or fatality. Common sense and awareness can reduce your risks. For the safety of yourself and others, please observe these guidelines (this is a partial list):

1.

Ski under control to avoid hazards and other skiers.
2.

Yield to other skiers when entering a trail or starting downhill.
3.

Avoid stopping in the middle of hills and obstructing trails or intersections.
4.

Skiers coming downhill have the right-of-way. Pass oncoming skiers on the right side.
5.

Observe all posted signs, and stay off closed trails and out of closed areas.
6.

Please don't step in the track without skis on. Be sure to fill in sitzmarks.
7.

Be prepared. Carry a small pack for drinking water, extra food, clothing, and a map. Cellular service is limited and phone batteries may die more quickly in cold weather.
8.

Walking, snowshoeing, snowmobiles, and dogs are not permitted on the groomed ski trails.
9.

Snowshoers yield to skiers at trail intersections.

BE AWARE

Grooming machines may be on trails at any time. Both natural and man-made obstacles or hazards may exist at any time. Lakes and streams are subject to unstable ice and snow. Ski Patrol is not always available. Groomed ski trails can be affected by weather conditions and skier use. Some trails may not be open during or immediately following adverse weather. Trail passes are non-refundable, so be sure to check the weather and conditions before purchasing.

TRAIL USAGE

All groomed ski trails on the map are open to Nordic skiing every day from 8:30AM–4PM. **Using the groomed ski trail requires a visible, valid Tamarack Trail Pass or Season Pass**, available for purchase at the Ski Center. Ski trails are easily identifiable, as they are groomed and marked with signage. Ski trails consist of the entire groomed area with a set of ski tracks bordering the flat skating lane (see photo above).

PUBLIC ACCESS CORRIDOR

This corridor offers access from the lower Lake Mary Road gate up to Horseshoe Lake. Hiking, skiing, splitboarding, snowshoeing, and leashed dogs (6 ft. leash, max) are allowed. A Tamarack Trail Pass or Season Pass is required to ski on the flat, skating lane and groomed ski tracks within the corridor.

Bikes are not allowed on the Lakes Basin trails from November 1 through April 16.  
**Remember, it is your responsibility to pick up after your dogs.**
