

## UNBOUND TERRAIN PARKS • 25/26 WINTER

Consistently ranked as the top terrain park in North America, the Unbound Terrain Parks have lead the industry in innovation, quality and design for over 25 years. With 10 unique parks, 2 halfpipes, 100+ jibs and up to 50 jumps on any given day, Unbound is the mecca for fun and progression. With a longstanding commitment to athlete development, Mammoth is proud to name the Unbound Terrain parks as the official training ground for the U.S. Ski and Snowboard teams. For more information on the Unbound Terrain Parks and Mammoth Mountain Ski Area, visit [MammothMountain.com](http://MammothMountain.com).

## UNBOUND TERRAIN PARKS FACT SHEET

### LOCATION

Mammoth Mountain Ski Area  
Mammoth Lakes, California, USA  
Eastern Sierra Nevada Mountain Range / Central California

### TERRAIN PARKS: 10

### HALFPIPES: 2

### JIBS: 100+

### JUMPS: 50+

### ACREAGE: 100+ Acres

### SPONSORS: 686 & Thirtytwo

### MAIN PARK

*LOCATED AT MAIN LODGE, ACCESSIBLE VIA UNBOUND EXPRESS [CHAIR 6]*

Mammoth's largest park has set the bar for advanced-level terrain parks with its massive, perfectly shaped jumps, technical rails and the 22-foot halfpipe. Countless pro skiers and snowboarders have launched their careers right here. For advanced to pro-level skiers/riders, only.

### SOUTH PARK

*ACCESSIBLE VIA ROLLER COASTER EXPRESS [CHAIR 4]*

South Park is the perfect spot for intermediate-advanced+ skiers/riders. There's a reason pros come to this park to warm-up, then end up spending the entire day lapping South Park staples like Chair 20 jump, the bottom 3-pack, and incredible jib set-ups this park has become famous for. Bonus tip: this park gets early light and is usually less affected by the wind.

### JIBS & MORE

*ACCESSIBLE VIA ROLLER COASTER EXPRESS [CHAIR 4]*

This park is packed with intermediate and advanced level rails, boxes and wallrides, as well as creative snow transitions like bowls, hips, banks and berms from top to bottom. Dial in your line or hang out and session individual features with new friends. Now with medium-sized jumps, hips and transition features to help progress to South Park and beyond.

### FOREST TRAIL

*LOCATED AT MAIN LODGE, ACCESSIBLE VIA UNBOUND EXPRESS [CHAIR 6]*

After you're comfortable in our Playgrounds, Forest Trail is the next step. Progressively built small to medium-sized jumps, jibs and an 11-foot halfpipe create the incredible flow of this trail, making it a favorite among intermediate groms who rip, and often times their parents.

### CAROUSEL

*ACCESSSED VIA ROLLER COASTER EXPRESS [CHAIR 4]*

Intermediate terrain park with a random mix of features depending on what our cat crew is feeling. Maybe a jump or two, some jibs, this is a great place to dial in tricks out of the way of our busier parks.

### SNAKE RUN

*ACCESSSED VIA ROLLER COASTER EXPRESS [CHAIR 4]*

This park features fast, flowy jumps and berms winding its way underneath Chair 20. Mix one part Transition Park and one part boardercross run and you get the Snake Run.

### THE HEMLOCKS

*HIKE-TO PORTION OF THE MOUNTAIN ACCESSED VIA CHAIR 14*

When the snow begins to stack up, the park crew heads out to the Hemlocks and starts building kickers to better utilize some of the landings on the slope. Mother Nature did some impressive work on the Hemlocks, but with a little help from our shovels, the place becomes a big-mountain freestyle paradise. Launching off a massive step-down into fresh powder is unlike anything else you can do on skis or snowboards. For expert skiers and riders, only.

### DISCO, WONDERLAND & EAGLE PLAYGROUNDS

Get a mellow intro to terrain park features with mini-boxes and jumps that get bigger and longer as you progress. Freestyle fun is available for beginners of all ages in a different playground at each base lodge.

### DISCO PLAYGROUND

*LOCATED AT MAIN LODGE, ACCESSIBLE VIA DISCOVERY CHAIR [CHAIR 11]*

### WONDERLAND PLAYGROUND

*LOCATED AT CANYON LODGE, ACCESSIBLE VIA CHAIR 7*

### EAGLE PLAYGROUND

*LOCATED AT THE TOP OF EAGLE EXPRESS [CHAIR 15],  
ON THE RUN "WATER TANK"*
