TRADITION MEETS PROGRESSION
Widely regarded as one of the most innovate and influential destinations in the snow sports industry, Bear Mountain has been pushing the progression of skiing and snowboarding for over 50 years. Bear Mountain is part of Big Bear Mountain Resort, along with Snow Summit, which is owned by Alterra Mountain Company.

BEAR BUILT
Bear Mountain is home to the largest beginner areas, only halfpipes, and highest lift-served peak (8,805 feet) in Southern California.

THE PEOPLE’S PARK
Bear Mountain’s award-winning terrain parks are heavily influenced by Southern California’s iconic surf and skate scenes, with 200+ jibs and jumps, and the only halfpipes in SoCal. Regularly rated among the best in the country, Bear Mountain’s parks host some of the biggest events in the action sports industry, including photo shoots, competitions, and the annual Hot Dawgz & Hand Rails winter kickoff party.
